WAUCONDA TOWNSHIP HIGH SCHOOL

Wauconda, Illinois

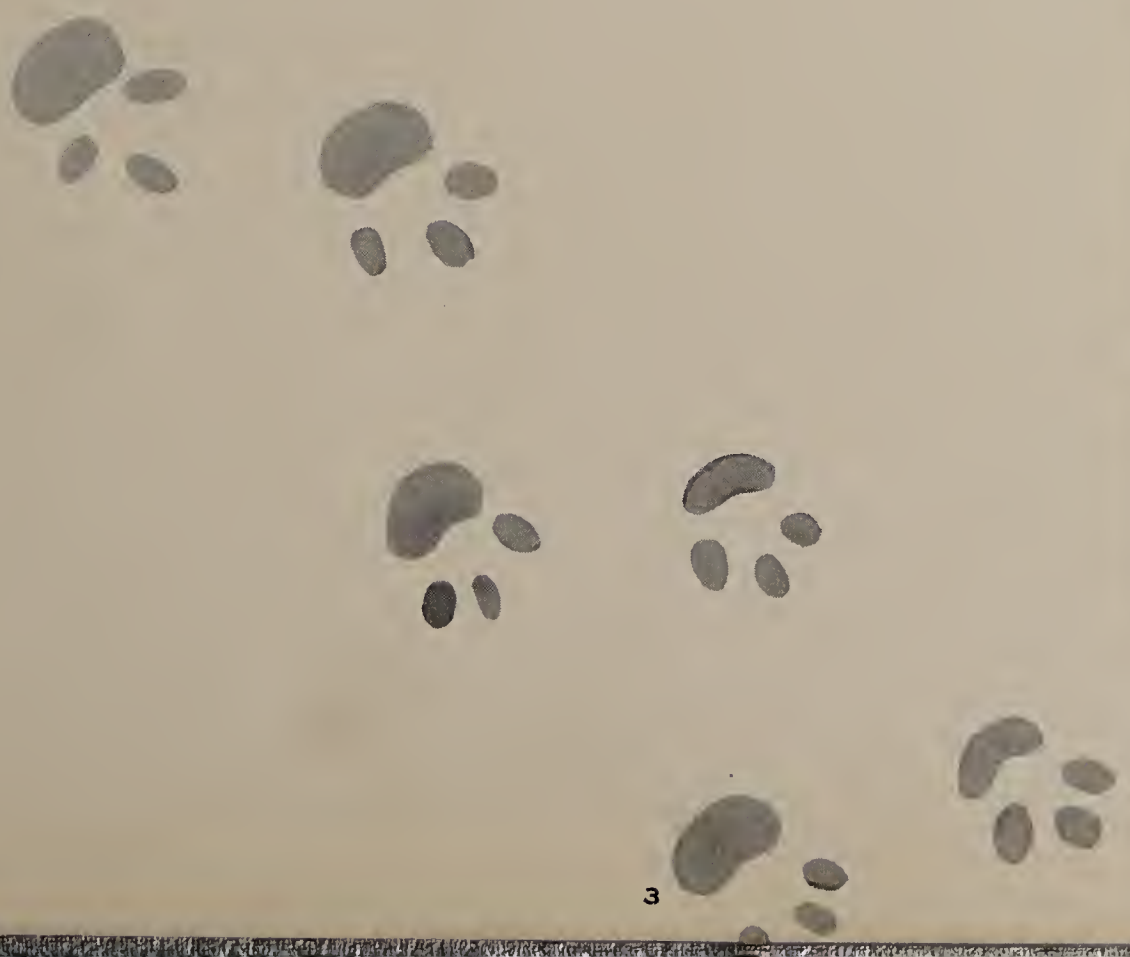
WAUCONDA TWP. HIGH SCHOOL
WAUCONDA, ILLINOIS

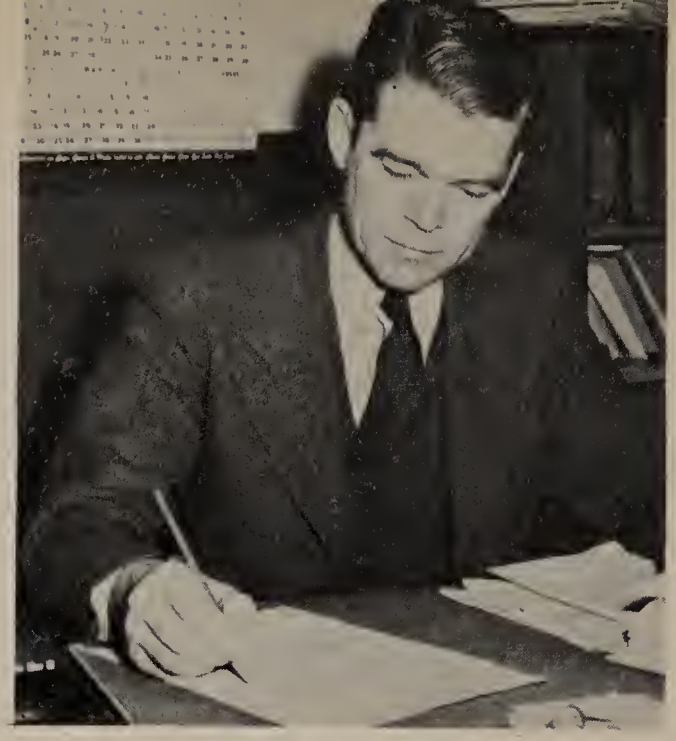
New plans have been laid and Wauconda High School is growing into an even more beautiful and modern school.

Little did the first students of the High School realize that one day the school would grow into the High School attended today. Neither can we realize the large modern school of tomorrow.

The students, past and present, know that more important than the growth of the school is the spirit within its walls. Without spirit the school would be a bleak, hollow building full of empty memories.

This is for the Seniors a parting, for others, a temporary halt to the "best years". Wherever we go, the love and work we have given to our school will mark us as individuals.





RICHARD WARFIELD
Principal

# SCHOOL BOARD

Standing: Mr. Warfield, Mr. Fisher
Seated: Mr. Powers, Mr. Kirwan, Mr. Wirtz. Absent: Mr. Reed

WAUCONDA TWP. HIGH SCHOOL

The four years are over. We Seniors are leaving to make a place for ourselves in the future as we have in school. If the future can match our success in the past four years—plays, proms, parties, and living—then our futures are assured.

# JUNIOR PLAY

The full talent of the Junior Class was utilized to make "Every Family Has One" a play to remember. From the minute the audience learned of the Reardon's family skeleton till the final curtain, the house was filled with laughter. Perhaps there are better plays and better productions, but this will always be the "one" to those that participated.

Balaz, E. Byornson, R. Godina.

# SPEECH ENGLISH

Our life requires the modern man to speak and write correctly. This is the primary aim of the Speech and English department, but with this aim must also be included the speaking and writing of subjects of value.

# SOCIAL STUDIES

In order for our students to have every possible opportunity to learn about and understand the problems and events of a dynamic civilization, Wauconda offers a complete social studies program which includes World History, Social Science, American Government, American History and Economic Geography.

# SCIENCE MATH

Mathematics has long been recognized as a prerequisite to science education, but this year students have found a strong emphasis upon the integration of functional mathematics and science.

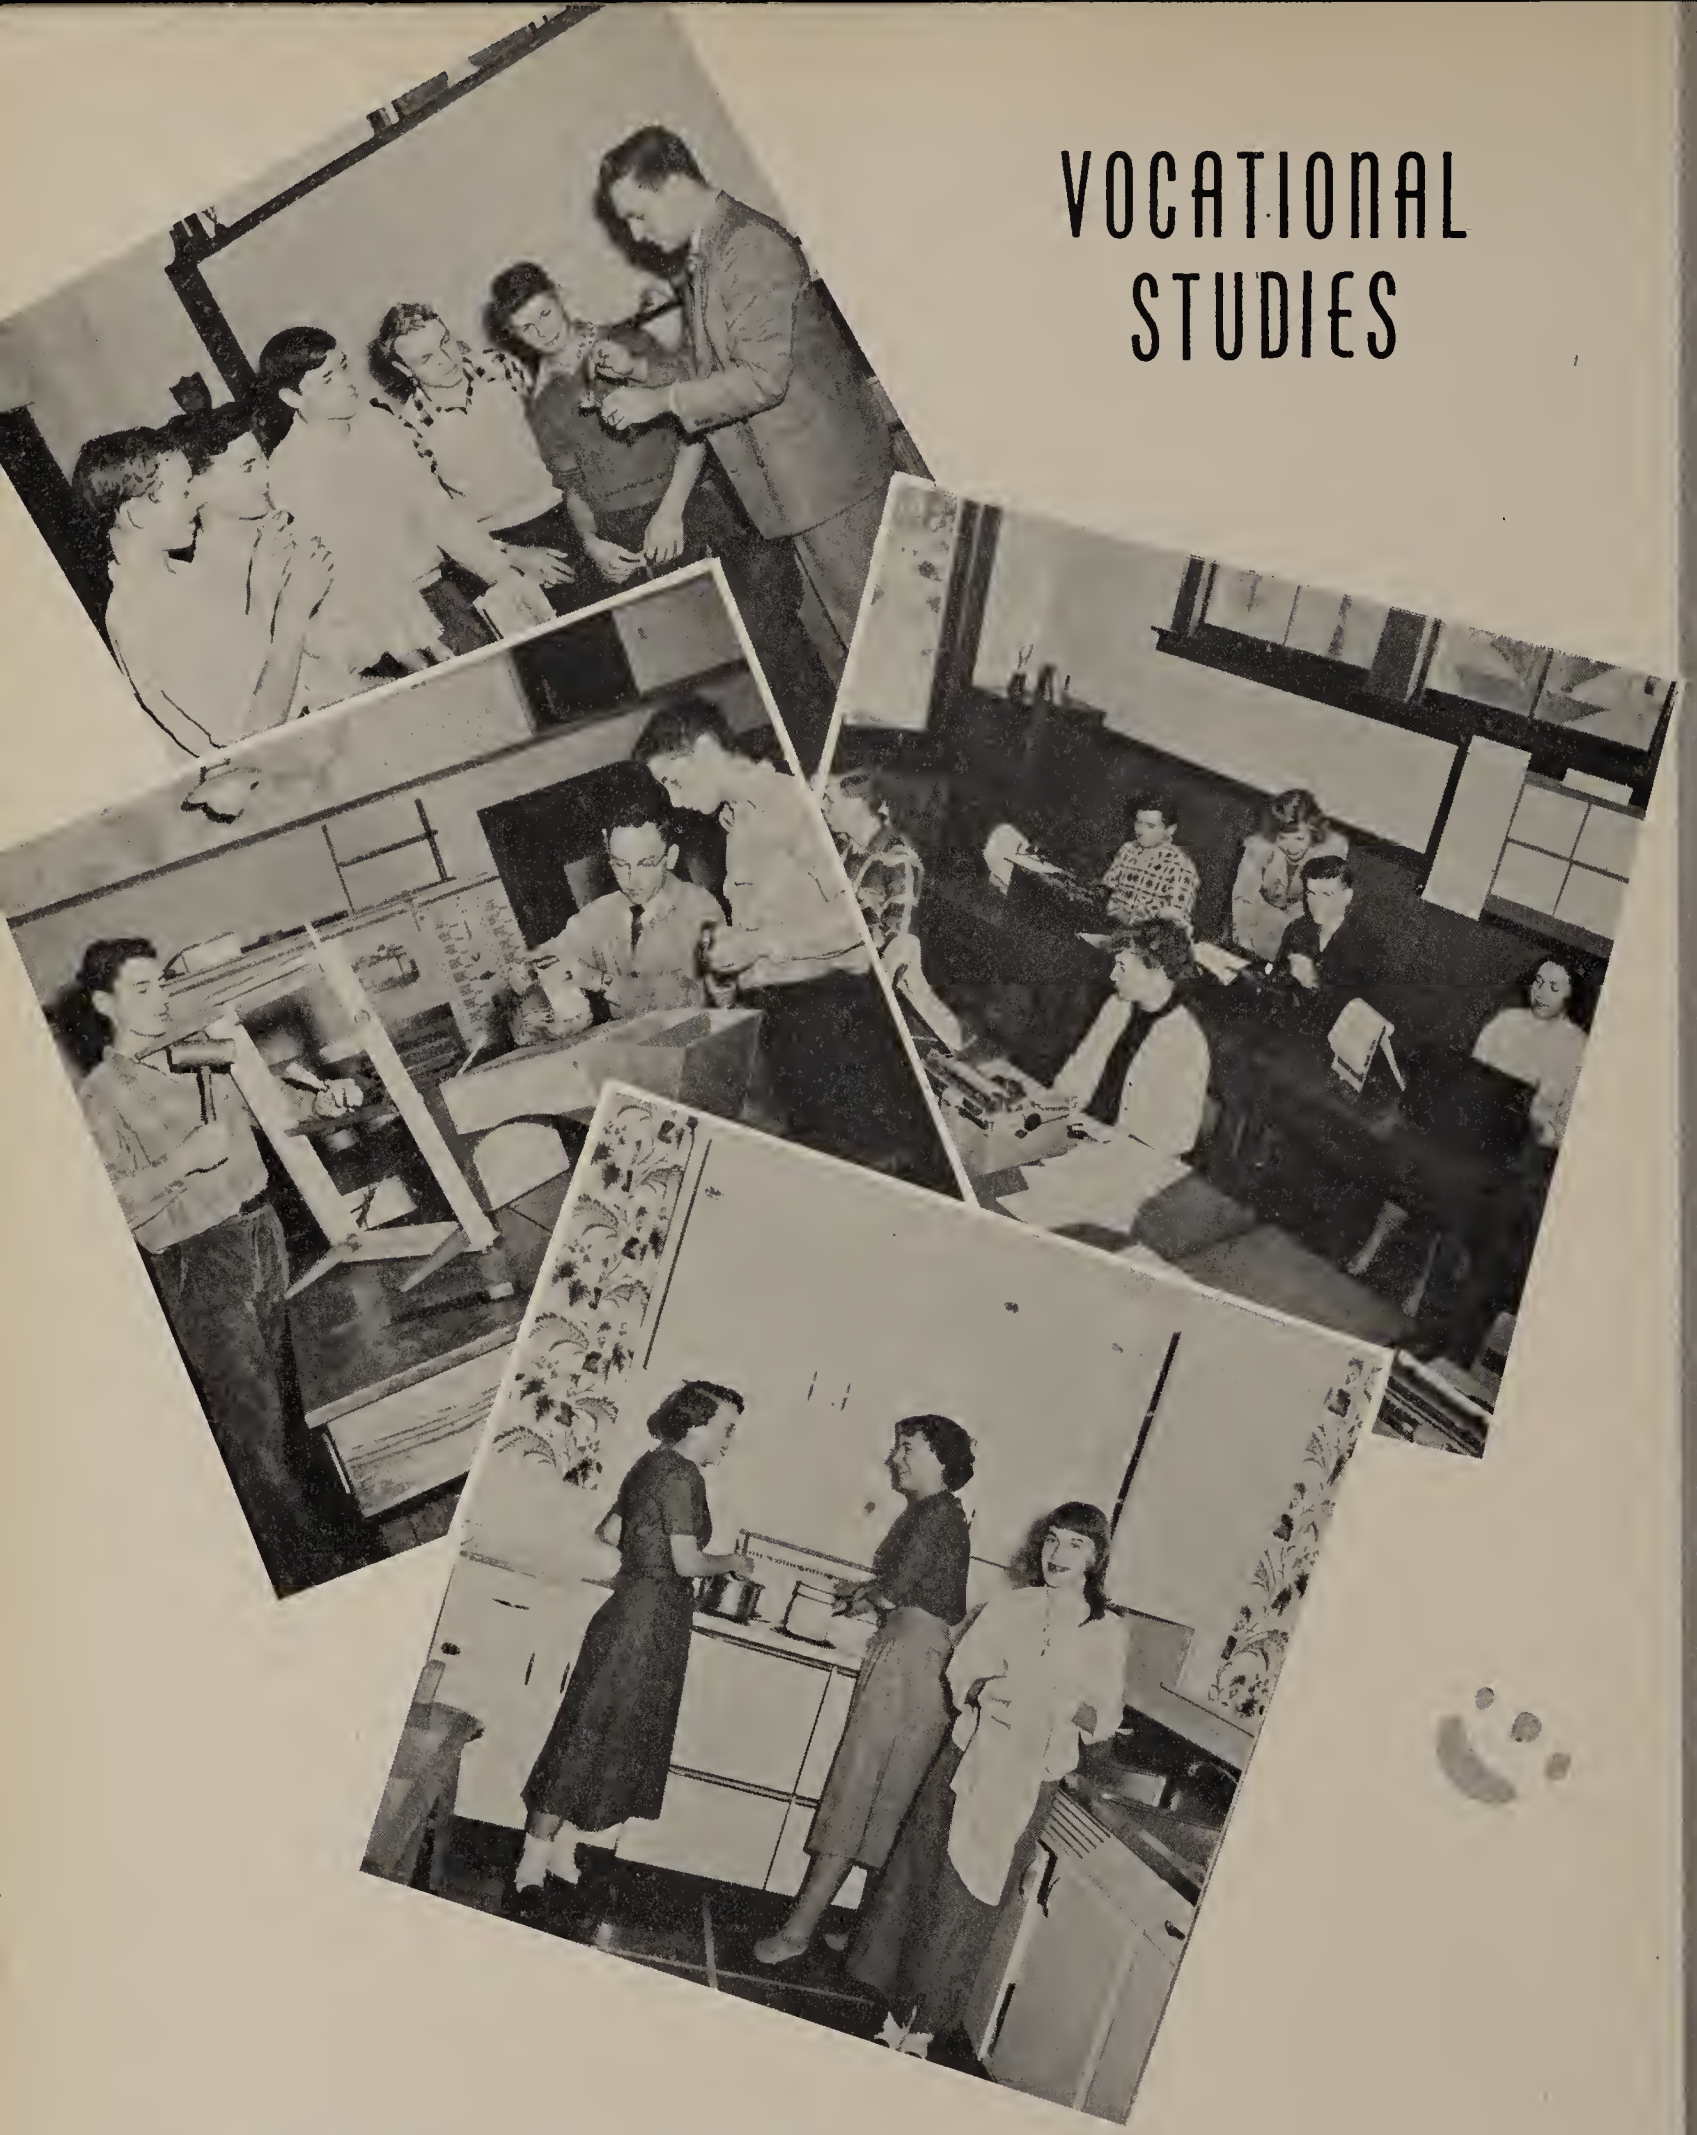
# PHYSICAL EDUCATION

More than ever today the youth of our country is expected to have a healthy mind in a healthy body. Whether jumping for the basket, exercising, or hitting the ball over second base the student finds strength and grace in the play of today, the problems of tomorrow.

# MUSIC

The art of singing and of playing a musical instrument has brought the Wauconda student a greater appreciation of music. Coupled with appreciation is the Music Club's benefits to the community through the Christmas concert and Spring festival.

# VOCATIONAL STUDIES



Education is experience which helps us adjust ourselves to the demands of our society. Vocational education is that part of our experiences which help us to successfully carry on a gainful occupation.

Courses offered at Wauconda High School as vocational courses are Agriculture, Commercial Subjects, Home Economics, and Industrial Arts.

# LIBRARY

Left to right: C. Thomas, B. Hirt, Miss James, M. Ellison, V. Creaves.

Wauconda High School library has seen action this year, 1950-51. More than one thousand books were loaned during the first semester which indicates a great interest leisure time reading.

To carry out the library policy Miss James is being assisted by Barbara Hirt, Mary Ellison, Cathy Thomas, Valerie Creaves, and Dianne Funk.

# ACTIVITIES

The Student Council has a three-fold responsibility, a part of the school's social planning, student-teacher relationship, and administration of student government. Their success is apparent to anyone who has enjoyed the Homecoming dance, received a horse-whip at Christmas, or found fairer representation in student affairs.

The Future Homemakers of America is a national organization composed of high school girls interested in home economics. Through monthly business and social meetings the girls increase their knowledge of home economics, learn how to cooperate in a group, and develop a sense of responsibility and leadership.

FIRST ROW: W. Droesser, E. Schuringa, K. Krasel, D. Francisco, J. Wirtz, F. Anderson. SECOND ROW: Mr. Buswell, E. Brick, H. Fischback, C. Johnson, B. Paddock, J. Mantzoras. THIRD ROW: L. Case, S. Vanderspool, D. Garlick, A. Bjorson, C. Rossdeutcher, F. Francisco, A. Hanson.

# f. f. a.

The primary aim of Future Farmers of America is the development of agricultural leadership, cooperation and citizenship. Add to this the social ability developed at their blue jacket dances and club meetings and you find the well rounded farmer of tomorrow.
